Antonios Ntokos

Objective

Motivated and detail-oriented Junior Frontend Developer with hands-on experience in dynamic web application development. Currently contributing to the E-Invoicing System project at Impact - SoftOne Technologies S.A., where I have honed my skills in HTML, CSS, CSHTML, and C#. Adept at managing developer tickets, ensuring high-quality testing, and overseeing deployment processes. Proficient in Git, GitHub, and Agile methodologies, with a strong commitment to delivering responsive and engaging user experiences. Seeking to leverage my technical expertise and collaborative skills to contribute to innovative frontend projects in a challenging new role.

Professional Experience

❖ Frontend Developer Junior

Impact - SoftOne Technologies S.A Athens· Full-time · Jun 2024 - Present
January 2024 – Present

- **Project:** E-Invoicing System
Developed and maintained dynamic web applications using HTML, CSS, CSHTML, and C#. Utilized Git and GitHub for version control and collaborative development.
- **Key Responsibilities:**
 - Managed and executed developer tickets, ensuring timely resolution of issues and feature enhancements.
 - Conducted thorough testing of web templates to guarantee quality and performance standards.
 - Led the deployment process, overseeing the transition of templates from development to live production environments.
 - Contributed to the development of the Impact site, focusing on delivering a responsive and engaging user experience.
 - Collaborated closely with project managers and team members in an Agile environment, participating in sprint planning, daily stand-ups, and retrospective meetings to ensure alignment with project goals and timelines.
